Profile Summary

Motivated and detail-oriented software professional with a strong foundation in software development principles, databases, and application troubleshooting. Experienced in analysing requirements, resolving issues, and supporting software solutions. Eager to contribute to dynamic development teams and grow in areas such as application development, software design, and technology-driven projects.

Education

Master of Computer Applications

June 2023 – Aug 2025

Vivekanandha Institute of Information and Management Studies, India.

Bachelor of Mathematics

June 2019 – June 2022

Vivekanandha College of Arts and Science for Women, India

Experience

Zoho Developer

Nov 2025 - Present

TekyDoct(Zoho Authorized Partner) - Brunei Darussalam

- Designed and customized business applications using **Zoho Creator**, including forms, workflows, Deluge scripts, and third-party integrations to automate end-to-end processes.
- Developed and optimized dashboards and reports using **Zoho Analytics**, and implemented **Zoho Books** and **Zoho CRM** customizations to support finance, sales, and operations workflows.
- Delivered multiple client projects by gathering requirements, implementing Zoho solutions, performing data migration, and providing post-implementation support and enhancements.

Zoho Application Developer Intern

Mar 2025 – July 2025

Race2Cloud Technologies (Zoho Premium Partner) - Trichy, Tamil Nadu.

- Gained hands-on exposure to application monitoring, workflows, and dashboards.
- Collaborated with senior developers to resolve application-related issues, improving troubleshooting skills.
- Assisted in requirement gathering and solution implementation, ensuring secure data handling.

Projects

EARLY STROKE PREDICTION USING MACHINE LEARNING

- Built a predictive model for early stroke detection using patient health data.
- Improved accuracy through feature selection, data pre-processing, and model optimization.
- Evaluated ML algorithms to identify the best model for stroke prediction.

ONLINE GROCERY STORE (FULL STACK APPLICATION)

- Developed a full-stack web application with modules for product catalogue, cart, and order management.
- Implemented secure authentication, role-based access, and transaction handling.
- Designed a responsive front-end to ensure a smooth and user-friendly experience.

PROCUREMENT MANAGEMENT APPLICATION

- Created a procurement system to manage supplier orders and inventory.
- Automated purchase requests, approvals, and stock updates through workflows.
- Streamlined vendor communication with custom scripts and generated order confirmations.

HOTEL ASSET TRACKER

- Developed a Hotel Asset Tracker application in Zoho Creator to manage assets across departments (rooms, housekeeping, maintenance, and F&B), enabling real-time asset tracking and lifecycle management.
- Implemented automated workflows, Deluge scripts, and role-based access controls to track asset allocation, condition, maintenance schedules, and depreciation, improving operational efficiency.
- Integrated dashboards and reports to provide asset utilization, maintenance status, and audit insights, reducing asset loss and supporting data-driven decision-making.

Skills

- **Programming & Automation:** Java, Python, HTML, CSS, JavaScript, C.
- **Databases:** MYSQL, Oracle.
- **Zoho Suite:** Creator, Analytics, CRM, Books, People, Project, Desk, Forms.
- **Tools:** MS Excel, MS Word, Git.
- **Soft Skills:** Problem-solving, Good Communication, Teamwork, Flexibility.

Certifications

- | | |
|---|----------------------------|
| • Java Full Stack Development
Tap Academy (Bangalore, India). | Mar 2025 - Aug 2025 |
| • Zoho CRM Certification
Zoho, India. | Aug 2025 – Oct 2025 |
| • DataBase Management System
NPTEL, India. | Mar 2024 - Apr 2024 |
| • Python Certification
Aroma Academy, India. | Aug 2022 - Mar 2023 |
